7. SAFETY CONTROL MEASURES: Packagings prescribed are heat sealed glass vials, containing not more than 2.7 grams of mercury each. The vials are packed for shipment as described in Exhibit A of CP Clare Corporation's application of September 27, 1994.
8. SPECIAL PROVISIONS:
 - a. No shipping papers are required for packages covered by the terms of this exemption.
 - b. Persons who receive the packages covered by this exemption may reoffer them for transportation provided no modifications or changes are made to the packages, all terms of this exemption are complied with and a current copy of this exemption is maintained at each facility from which such reoffering occurs.
 - c. MARKING - The outside of each package must be marked "Consumer commodity, ORM-D" and "DOT-E 8091". No other markings are required by this exemption.
9. MODES OF TRANSPORTATION AUTHORIZED: Cargo aircraft only, and passenger-carrying aircraft.
10. MODAL REQUIREMENTS: A current copy of this exemption must be carried aboard each aircraft used to transport packages covered by this exemption. The shipper must furnish a current copy of this exemption to the air carrier before or at the time the shipment is tendered.
11. COMPLIANCE:
 - a. Each "Hazmat employee", as defined in § 171.8, who performs a function subject to this exemption must receive training on the requirements and conditions of this exemption in addition to the training required by §§ 172.700 through 172.704.
 - b. No person may use or apply this exemption, including display of its number, when the exemption has expired or is otherwise no longer in effect.
